

## Love what you eat!

Everyone deserves healthy, nutritious food. We created a local, CSA-type program for people with limited resources to be able to afford access to local, organic produce. CSA means “Community Supported Agriculture.” Our 21 Acres CSA, known as Harvest Share, provides a weekly produce box full of the tastiest fruits and vegetables grown by farmers here in the Puget Sound without the use of any synthetic fertilizers, pesticides or nasty chemicals. Read below to learn more about session beginning and end dates, locations, and the variety of payment methods, including SNAP (Supplemental Nutrition Assistance Program/ EBT) benefits available to Harvest Share members.
