

## Private Events at 21 Acres

21 Acres is an educational center committed to building strong community connections while sharing the pleasures of pesticide-free local food and learning how supporting sustainable farms is an important form of climate action. We offer a variety of ways for groups to learn how they can support local agriculture and lower their carbon footprint.

### Corporate Events

Comfortable meeting areas with seating for up to fifty are available for your business gathering. A brief presentation by a 21 Acres staff member will introduce your group to our mission of sustainability and local food. Freshly prepared, locally sourced snacks, beverages and meals are available to order.

Maybe you'd prefer to work as a team on a campus volunteer project or put together a locally inspired meal? Dig deeper into our mission, try locally grown foods, learn new skills and build comradery in one of our seasonally themed, hands-on group events or volunteer opportunities.

### Small Group Events

Consider the 21 Acres' kitchen for a private local food and agriculture educational event. Learn new cooking techniques and taste fresh local foods in one of our seasonally rotating classes, or gather your friends and we'll provide the evening's sustainable education content, snacks and adult beverages that exemplify our mission. Either way, we can guarantee a great time!

### Youth Events

Kids of all ages will have fun learning about local agriculture, food and the environment in our private events for youth. Hands-on cooking classes and learning-packed farm activity options change with the seasons, meaning a visit to 21 Acres never gets old!

### Interested in Booking a Private Event?

Fill out our Event Interest Form and send it back to us at [events@21acres.org](mailto:events@21acres.org). Please note that we are closed Sunday and Monday and do not book events on these days. We require a minimum of 8 weeks advance notice for all reservations.
