

## Harvest Share - Affordable Veggie Box

**Removing barriers. Supporting Families. Building community through good food.**

Everyone deserves healthy, nutritious food. We created a veggie box program for people living on limited resources to be able to afford access to local, sustainable produce. Our 21 Acres veggie box program, known as Harvest Share, provides a weekly produce box full of the tastiest fruits and vegetables grown by farmers here in the Puget Sound without the use of any synthetic fertilizers, pesticides or nasty chemicals. Read below to learn more about session beginning and end dates, locations, and the variety of payment methods, including SNAP (Supplemental Nutrition Assistance Program/ EBT) benefits available to Harvest Share members.
